

Wearables Solutions

Complete display security solutions for wearables.

CONSISTENT DISPLAY AESTHETIC

Streamlined and consistent display placement minimizes visual clutter

RELIABLE ALARMING & CHARGING

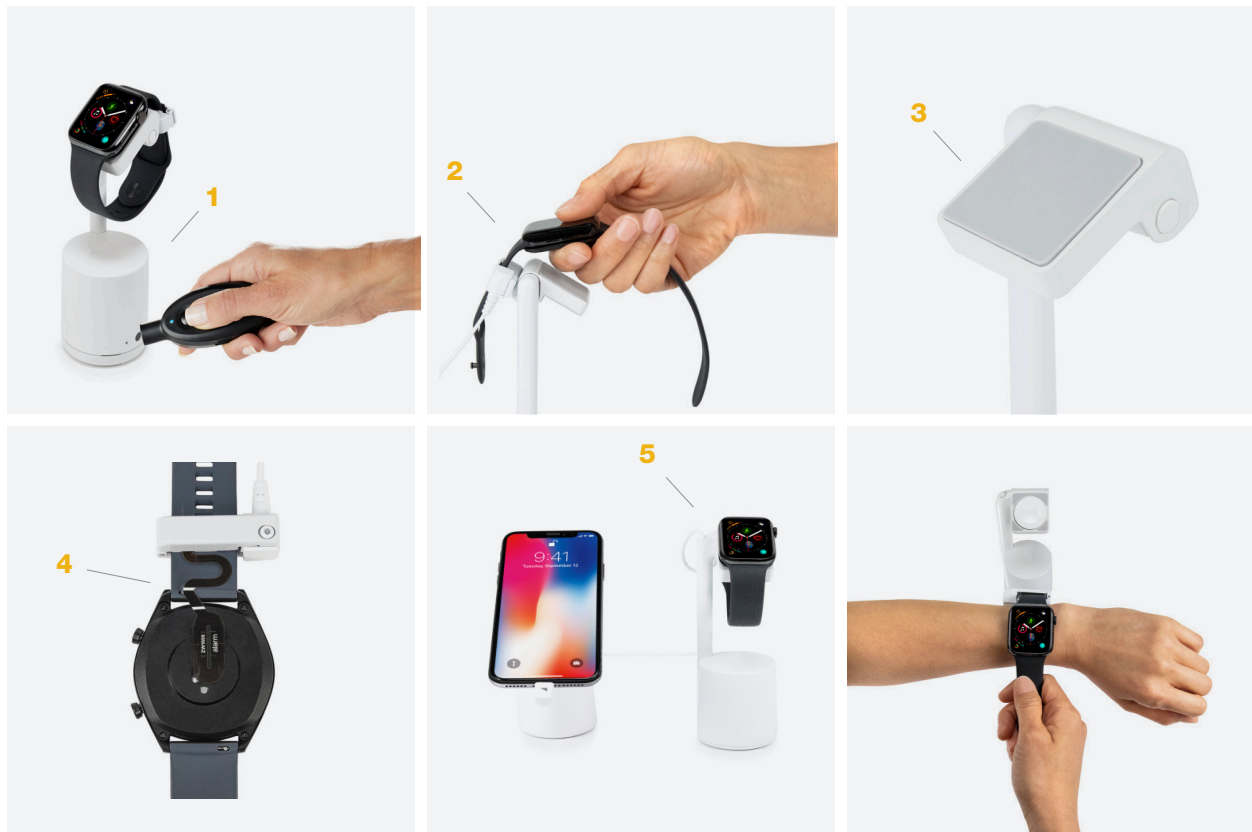

OEM or Apple charging options to keep wearables powered and always ready for customer interaction

EASE OF OPERATION

Easy-to-install universal flex sensor minimizes false alarms and improves operational efficiency

FEATURES AND BENEFITS

- 1 Integrated alarming eliminates the need for separate alarm unit
- 2 Magnets in both the cradle and band clamp attract for perfect placement
- 3 Anti-slip pad on cradle ensures device stability while on display
- 4 Easy-to-install flex sensors protect both wearable head and band, and minimize false alarms
- 5 Recoiler cable exits at top of the stem for an enhanced customer experience
- 6 Two charging options: integrated Apple charging and OEM charging integrated in cradle
- 7 Consistent visual merchandising when displayed with OnePOD

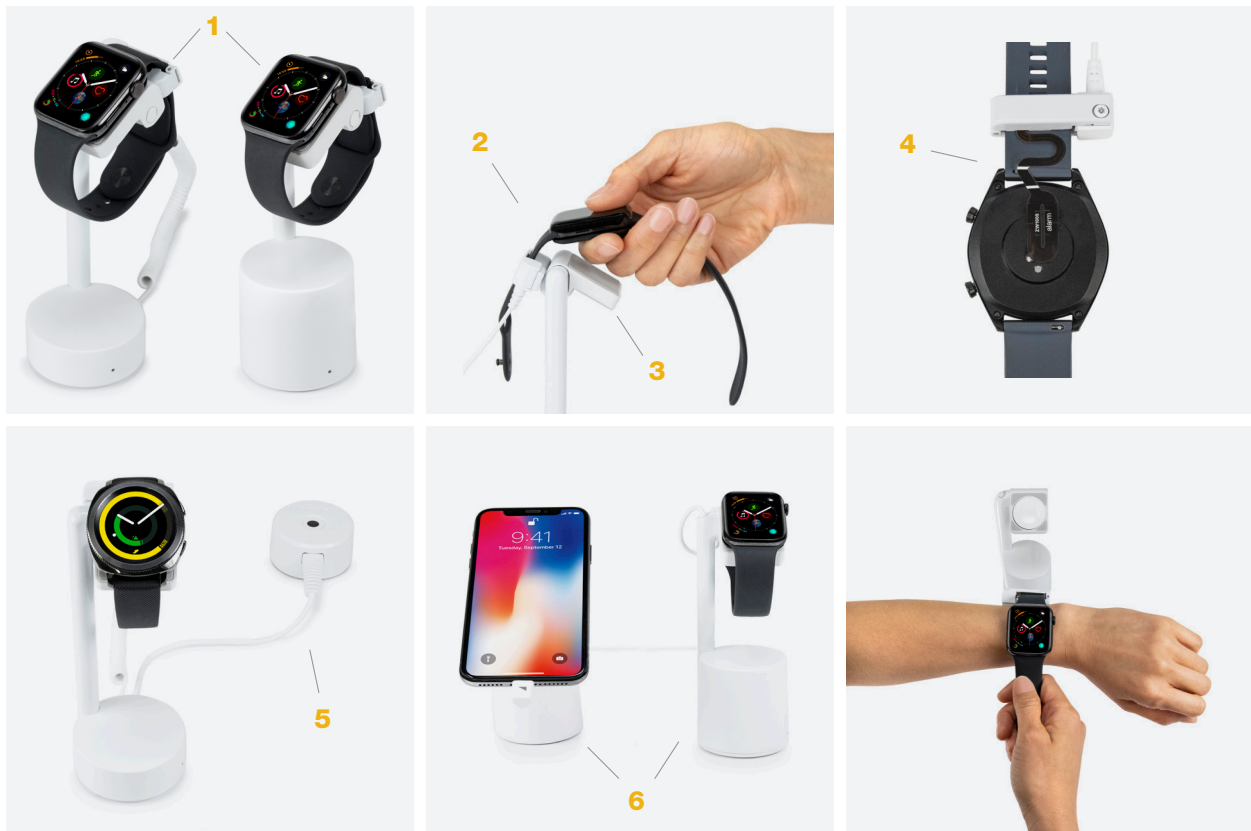

W2000 is part of the exclusive InVue OneKEY ecosystem™, a storewide single key solution that improves customer service, increases sales and provides high theft protection.
